CAREER OBJECTIVE

Aspiring computer science and engineering enthusiast with a strong academic foundation in STEM subjects and currently pursuing a bachelor's degree in computer science and engineering from Vellore Institute of Technology. Adept at programming languages like JavaScript, HTML, CSS, C++, and C, with a passion for developing innovative solutions. I am looking to excel in both Full Stack Development and Machine Learning/AI. My main objective, now, is to gain expertise in Full Stack Development while my ultimate goal is to combine this skill set with AI creating cutting-edge data-driven solutions that boost business success and improve user experiences. I am dedicated to learning and applying my knowledge in real-world scenarios ready to contribute to teams and the progress of technology.
